Matrix USA Inc. is delighted to announce the appointment of Martin Lieberman, President of Mecca LC Corp. as their US Midwest Sales Agent. Marty will also cover selected accounts in the New Jersey and SE regions.

Marty is a unique sales person in the PCB Manufacturing Industry. Beginning in the 1980's with Olin Hunt Chemicals, he has visited virtually every Printed Circuit Board shop in the US and Canada, selling and supporting Etchant and other PCB support products. In the past 20 years, Marty was the National Sales Manager for both PhibroTech and Micronutrients.

Having worked with Matrix both in the US and Canada, Marty has demonstrated his unquestionable integrity and dedication to the tasks of sales. "This is a perfect fit for Matrix", says Kieran Healy, President of Matrix USA Inc. "With Marty's relationships and past performance, we see excellent opportunities for both companies to attain sales success."

Including the Matrix product line into Mecca's mix of offerings is ideal for customers who require Laminates, Copper Foil, Aluminum Entry, Drill and Router bits and Equipment.
