

September 12, 2020 – **Jinzhou Precision Technology Corp., is awarded TTM Technologies
2020 Global Supplier Award**

This year, TTM Global Supply Chain Management presented Jinzhou with its **Global Supplier Award**. This prestigious recognition award is given to only Top Performing Suppliers in the categories of Quality, Delivery and Technology. Jinzhou has exceeded TTM's very stringent set of Supplier criteria.

"Jinzhou is a critical part of the team who helps ensure our customers are delighted with the product they receive and we want to recognize and Thank You for that. Congratulations on an exceptional Team effort that helped your Company win this award. We look forward to continuing our mutually beneficial partnership in the years ahead," says William Yiu, Senior Manager TTM Global Category Management.

About TTM Technologies, Inc.: TTM is a leading global printed circuit board manufacturer, focusing on quick-turn and volume production of technologically advanced PCBs, backplane assemblies and electro-mechanical solutions as well as a global designer and manufacturer of high-frequency radio frequency (RF) and microwave components and assemblies. TTM stands for time-to-market, representing how TTM's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
