

MESSAGE FROM THE HEAD OFFICE

Covid-19 Update ~ December 16, 2020

Dear Matrix Associates:

The big news this week, as everyone should be aware, is the arrival of a vaccine for the COVID-19 virus. In Canada, they have started vaccinating front-line workers, and we expect the same to happen shortly in USA.

It is with great pride that we, at Head Office, recognize the important and uninterrupted role that the Matrix Group is playing in the North American Printed Circuit Board Industry.

This pandemic will eventually be over; in the meantime please continue to maintain good practices:

Cover your mouth and nose with a mask when inside any Matrix facility.

Avoid close contact with people who don't live-in your household.

Wash your hands whenever you get a chance.

Clean and disinfect your workstations.

I want to THANK all Matrix Associates for their fortitude and work ethic during these times.

Kieran Healy
President, Matrix USA Inc.
